

MAXWELL PRODUCTS

THINKING OUTSIDE THE BOX LED US TO JUST THAT:

THE BOX.

ZIPBOX *or* POLYSKIN

Industry's first easy open box.

No staples, no tape. Lift flap and tear open.

Rips open in seconds saving time with each box.

Opened boxes lay flat and stack neatly
for easy removal from job site.

Safer to open, no knives or sharp tools required.

Less time, less money, less risk.

Industry's first FULLY MELTABLE container.

Straight from pallet to melter. No opening, handling
or disposal.

Pays for itself through increased productivity.

All season weather resistance for long term storage.

Structural, interlocking box design provides the
industry's most stable pallet.

No plastic bags. Rapid-melt polymer beads ensure no
agitator build-up or clogged pumps.
